

JOURNAL MUNICIPAL

MARCH TO MAY 2022

brownsburgchatham.ca

A word from the Mayor | kmaurice@brownsburgchatham.ca

Dear citizens, dear citizens,

You are reading today the first Municipal Journal of 2022, the return of which was requested by many. As you read it, you will notice that the City is more dynamic and festive than ever. Whether through a highly diversified leisure program or through an improved offer from our fire safety service. Each department of the City is working hard so that all citizens benefit from it.

We are more than proud to announce the creation, over the next few months, of a first responder service on our territory. Safety is at the very heart of your municipal council. Since mid-2021, we can count on a continuous daytime presence from our firefighters in barracks. The time of response to an emergency has been dropped more than half.

As mayor, I undertake, on behalf of the municipal council, to put everything in place to promote effective communication and collaboration. I also undertake to develop our city in a harmonious way with respect to the current residents over the next four years.

Our city is known for its many assets, whether for our majestic campsite municipal, for our bucolic resort areas, our downtown rich in history or for our agricultural area.

We believe that the fundamental role of an elected municipal official is to be accessible and attentive to the population of which many can already testify. Our commitment to you is therefore to always be available to discuss what is important to you.

Do not hesitate to contact me or a member of the municipal council to talk about your needs or concerns.

Kévin Maurice, mayor of Brownsburg-Chatham

City Council meetings 2022

Meetings of the Brownsburg-Chatham municipal council are held at the Louis-Renaud community center, located at 270, route du Canton, the first Tuesday of each month unless otherwise specified. They can also be viewed by webcast on our website:

www.brownsburgchatham.ca

Development and Territorial Service

450 533-6687, extension 2830 | urbanisme@brownsburgchatham.ca

Work on your home; do not forget your permit before starting your work!

Several construction and renovation projects require obtaining a permit or an authorization certificate. So before you start your work, do not hesitate to contact the Development and territorial planning service or make an appointment with an inspector. We will be happy to help you in this process.

Build intergenerational housing in a single-family dwelling

The aging population brings several changes on lifestyles and on caring for or elders. So that their parents benefit from the best possible living conditions, some Quebecers are turning towards intergenerational cohabitation. Developed intergenerational housing in a main single-family building are authorized throughout the territory. The intergenerational housing is exclusively intended to be occupied by persons who are related by blood or affinity.

The owner-occupant of the main dwelling must obtain a permit for the layout of the accommodation and complete an annual sworn statement before a commissioner for oaths of the City of Brownsburg-Chatham confirming the family relationship of the occupant. If the development of a intergenerational housing interests you, make an appointment with an inspector in order to find out all about the rules concerning your project.

Temporary car shelters (Tempo):
Your car shelter must be dismantled (tarp and structure) before May 15th 2022.

Artisanal sugar shack

The construction of an artisanal sugar shack is authorized on the territory of the Town of Brownsburg-Chatham as an accessory building or on a land without a main building located in rural areas, resorts, agricultural or agroforestry, as defined in the zoning by-law. However, a permit is needed prior to the construction of an accessory building.

An artisanal sugar shack is defined as a seasonal maple syrup production activity consisting only in manufacturing products obtained by the transformation of maple sap (syrup, taffy or sugar), not intended to receive the public and excluding in particular any catering activity or the organization of receptions. The artisanal sugar shack is specifically intended for private use.

Feel free to contact us form more information.

Fire safety department

450 533-6687, extension 2855 | mjoly@brownsburgchatham.ca

Guard teams at all time

**24 hours a day
7 days a week**

Labor maximization
Optimal risk coverage
Rapid reaction force
Safety for the population

**The fire safety department
is involved in several fields
of activity.**

*Fire, prevention, municipal patrol, canine patrol,
public education, daycare visits, etc.*

Municipal patrol provided by members of the fire safety department

The winter patrol is there for the safety of individuals and for the City's property frequented by the population by carrying out preventive surveillance on the entire territory. During the summer season, it ensures that municipal regulations are respected such as watering bans, verification of burning permits, prohibition of fireworks, renovation permits, vandalism, loitering, obligation to walk dogs on a leash, as well as any complaints on the territory of the Town of Brownsburg-Chatham during the evening.

Implementation of a first responder service on the Town's territory (end of summer 2022)

The Fire Safety Department is going for an important and historic shift. In the coming months, a level PR2 first responder service (stroke, cardiac arrest, burns, childbirth, diabetes, allergy, bites, trauma, work accidents, etc.) will be offered on our entire territory, in coordination with the Pre-hospital Services emergency call center of Laurentides-Lanaudière. The firefighter's speed of intervention is well known and is a major asset to ensure the effectiveness of first responders.

This novelty will make it possible to quickly respond in order to achieve our ultimate goal of saving lives and reduce potential damages. In a context where a few seconds makes a big difference, first responders will be a prehospital service of primary importance.

Public works department

450 533-6687, extension 2856 | travauxpublics@brownsburgchatham.ca

Maintenance of roads during winter

Our teams often work day and night to ensure the maintenance and snow removal of the roads. Visibility, wind and blowing snow can also make their more difficult. It is essential to adjust your driving accordingly and above all avoid overtaking snow removal vehicles.

TECHNICAL INFORMATION

On snow-covered roads during strong winds and blowing snow, only snow removal is carried out. Applying our sand and salt mixture could form black ice!

Crédit photo : Jean-Yves Maisonneuve

WINTER PARKING REMINDER FROM 11 pm to 7 am

In order to allow snow removal teams to properly clean the streets of the city, it is forbidden to park your vehicle in the right-of-way between 11 pm and 7 am, from November 1st to April 15th. In a situation of non-compliance with these regulation, the offending vehicle could be towed away.

Information on the bin collections

The 2022 collection calendar from the RIADM was distributed around mid-January. However if you have not received yours, it is possible to get one at the reception of the town hall or at the municipal library.

For a complaint concerning a problem with a collection or a broken green bin:

Towns Hall | 450-533-6687 (extension 0).

For a replacement or for a broken blue or green bin:

RIADM | 450-562-3786 (extension 1).

An agreement between the City and the Centre de Tri d'Argenteuil allows the disposal of your materials at low cost. Simply by going at 435, Montée Cushing, Monday to Friday between 8 am and 4:30 pm. All you need is your proof of residence!

ACCEPTED MATERIALS at the Centre de Tri d'Argenteuil :

Asphalt, concrete, brick, rock, stone, wood, cardboard, gypsum, ferrous and non-ferrous metals, plastic.

NOT ACCEPTED MATERIALS at the Centre de Tri d'Argenteuil:

Compact fluorescent bulb, neon tube, battery, propane tank, used oils, asbestos products, paint, varnish, lacquer, stain, primer, tires, household hazardous wastes, green waste, grass, dead leaves.

IMPORTANT REMINDER :

On collection day, your bin should be placed in your entrance, on your driveway, in order to protect it from possible damage that could be caused by the machinery during snow removal work.

First edition of the Festive Market, a real success!

71 merchants + close to 2 500 visitors = A huge happy happening

It is with full excitement that the very first Festive Market of Brownsburg-Chatham was held last December 4th. In record time, we set up one of the largest outdoor festive markets ever seen in the territory. Local products, artisans, microbreweries, vineyards, food trucks, technology products, and more.

Of course, the highlight of the day was the long-awaited arrival of Santa Claus and Mrs. Claus. Subsequently, the band Les Bas de Laine spread their energizing music on the site while being perched on a most original installation «the roof of the MaxBus». Their music allowed everyone to keep warm while dancing or just by stomping their feet and clapping their hands for the rest of the evening. That fantastic day ended with magical fireworks show that lit up the sky for over 15 minutes with synchronized music. We could feel and hear the emotions in the crowd whom felt privileged to witness such a beautiful spectacle.

We can happily say “mission accomplished” for this first edition of the Brownsburg-Chatham Festive Market, which will undoubtedly become a must have for years to come.

**Festive Market
Second edition
December 3rd 2022**

REPORT AN NON-URGENT ISSUE IN YOUR CITY :

The VOILA! app makes it easy to report a problem in your municipality such as potholes, broken streetlights, graffiti, etc. The citizens can thus participate in solving problems in their neighborhood.

1 | LOCATE IT

Target on the map with the geolocation or enter the civic address near the problem.

1 | PHOTOGRAPH IT

Select the nature of the problem from a predefined list, add a description and then take a picture of it.

1 | SEND IT

VOILA! sends your request to your municipality for you.
